

Cultural Arts Alliance — CAA Educational Giving Program
Quarterly Mini-Scholarship Program for Need-Based Students

This scholarship program is to enhance the visual, literary, and performing arts experiences of need-based Walton County school-age children (K - 12) in public, private, and home-school groups through individual student funding to enable participation in special enhancement activities. Each awarded mini-scholarship will be up to \$75 per child for each program. Mini-Scholarships are awarded quarterly by the 2009 Selection Committee to the teacher conducting the special enhancement activity. Attach additional information to this form if space is inadequate.

Write a brief description of the activity available to the child. Activity can be at school, after school, special event or summer workshop.

Provide the mini-scholarship amount for each eligible child, maximum number of children who will be awarded a mini-scholarship and financial need requirements that will be used to award the individual child a mini-scholarship.

You will be required to submit an evaluation documenting the success of your program at a future date. What documentation will you be providing (for example, written report, video, photos and/or recordings)? The CAA Treasurer will make payment of mini-grant upon receipt of Selection Committee approval.
